Subcommittee on Transportation,  
Housing and Urban Development, and  
Related Agencies  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member Quigley,

As you begin your critical work on the Fiscal Year 2024 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill, I request that you include \$1,200,000 for the City of Campbell's Community Center Accessibility Enhancements project. This request for Community Project Funding is associated with the Department of Housing and Urban Development Economic Development Initiatives account.

The requested funding will allow the City to address accessibility limitations at the Campbell Community Center, including at public counters, public restrooms, and other interior spaces. Specific enhancements will include improved access ramps, improved public counters at all service delivery points, and Americans with Disabilities Act (ADA)-compliant access to all public restrooms.

The Campbell Community Center is a repurposed high school campus with buildings dating back to the 1930's. The Community Center provides the entire community with meeting rooms, a fitness center, pool, tennis courts, and other amenities. Ensuring that seniors and others with mobility impairments can safely access the Community Center will ensure that all members of the community can access these facilities.

As an indication of community support, I've enclosed a letter of support from Campbell Mayor Anne Bybee.

If enacted, this request would improve accessibility for important community facilities in my Congressional District, and it's why I wholeheartedly support this Community Project Funding request and ask that you do so as well.

Most gratefully,
